

FOODSERVICE 2021

Hello & Welcome

Since The Real Olive Company's humble beginnings in Bristol's historic St Nicholas market in 1998, a lot has changed, but our values have remained the same; to source and supply the most authentic, delicious olives and Mediterranean foods.

We prepare a unique range of fresh olives and Mediterranean foods from our accredited production site in the heart of Bristol. Our commitment to quality and sustainability has led us to being certified by Organic Farmers and Growers as an organic producer, we now offer a unique range of organic products in addition to our conventional range.

Our olives, we should hasten to add, remain the same delicious fruits the ancients knew, growing in the old unhurried way in the same Mediterranean groves. We prepare them using time honoured methods, then package them with the greatest care to ensure that they reach you, our customers, in perfect condition

Vegan, plant based & gluten free - whatever your business, our products are tailored to meet all the olive and antipasti needs of the Foodservice industry.

Love LIFE
EAT Real

Why choose The Real Olive Company?

Our products

Our olives take their time to ripen under azure Mediterranean skies through the sun-soaked summer months. In the autumn, when the fruit is still fresh and green, our farmers collect the first harvest, and in January the dark, beautifully ripe olives are carefully gathered in. All our olives are handpicked and double graded with thorough Quality Control in place to ensure the highest standards are met. For our Fresh marinated blends we always use cold-pressed unrefined oils and the highest quality herbs and spices for exceptional flavour.

Our manufacturing process is accredited by 'SALSA - Safe & Local Supplier Association - we are currently working towards full BRC grade A accreditation.

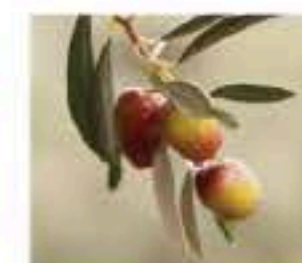

Our packaging

Sustainability is at our very core and underpins our company values. We continue to work closely with our innovative packaging suppliers with an ultimate goal of ensuring all our packaging is 100% recyclable.

The new 1kg pouches are a result of this continual improvement, meaning that not only do the new 1kg olive range taste and look fantastic they are also packaged in fully recyclable pouches.

For more information on our research and sustainability please see our website.

Our suppliers

We source our olives from trusted growers on the shores of the Mediterranean - real people who understand the unhurried rhythms of the olive tree, farmers who we have worked with for many years and know from long experience that the best olives grow where flora and fauna flourish. The organic groves help to create a haven for wildflowers, insects and birds which remain as they have for thousands of years.

With the majority of our farmers living on the land they farm, their lives and work are often entwined. Their values and passions run through their day to day lives and for them the health of the land is paramount to the well-being of the groves. The result; a successful and bountiful harvest year after year.

Our pledge

As a part of our commitment to sustainability and protecting the planet for future generation we have recently partnered with the Sustainable Soils Alliance (SSA). We have pledged to donate 1% of our profits to invest in their work to improve soil health for future generations.

We strongly believe that a bright and positive future for us all on this beautiful planet is well within our reach. We are committed to building a business that puts the welfare of people and planet above all else for generations to come.

OILS & VINEGARS

All packed in 5 litre, resealable containers

The fresh green oil that flows from the oil mills that surround the Mediterranean in late Autumn, in the form of extra virgin, is at the very heart and soul of Mediterranean cuisine and culture. The health benefits of this cold pressed elixir are well documented and the benefits of a Mediterranean diet have been heralded and championed for decades.

We have sourced a high quality supply of cold pressed sunflower oil, which like extra virgin olive oil is a healthy and natural alternative to commercially and industrially refined oils.

BULK OLIVES

**Packed in strong brine -
ready for your preparation**

Olives have been a staple of the Mediterranean diet for centuries, and when it comes to processing olives little has changed since the time of the Phoenicians. Freshly harvested olives are transformed from the bitter and inedible fresh drupe that hang from gnarled and twisted trees, into sweet and delectable table olives, through a process of lactic fermentation. This is a natural process that occurs when fresh olives are stored in tanks of salt brine at around 8%. After a period of 3-6 months the fermentation ends and the olives are ready to eat.

Our suppliers pack our olives into barrels and tins directly from their tanks in the same strength of brine in which they have fermented. These olives are very salty and must be water cured before marinating, reducing the salt content to an acceptable and palatable level.

**WE KEEP
IT COLD-
PRESSED**

Our olives are always slowly marinated using cold-pressed oils. Why? This keeps them at their freshest and tastiest whilst maintaining all the goodness of the oils.

TERMS & CONDITIONS

We all need them and it is really important that we make the key points as clear as possible. We hope to build a long lasting and fruitful relationship with all our customers, so a clear and concise set of terms are essential to avoid any possible confusion

Opening hours

For sales enquiries, to place orders, or to just have a chat, you can contact us by phone or email. We are open Monday to Friday from 8:30am to 5:00pm, excluding public holidays. You can always leave a message if you call outside these times.

Payment terms

Our payment terms are pro forma unless you have an approved credit account with us. Please call or email us if you would like to discuss credit terms.

Product pricing

Please contact a member of our team to request the latest version of our full trade pricelist. Due to the fluctuating market that we operate within, we reserve the right to alter our product pricing at any time. We will always endeavour to give all our customers as much notice as possible and try to minimise any significant price changes wherever possible.

Minimum order values

Minimum order value for free delivery is just £60.00 to any location within England and South Wales. Orders totalling less than £60 will be charged for accordingly (POA). For other locations please enquire when you place your order. Due to the fluctuating costs of transport we do reserve the right to change this at any time without prior notice.

Our distributors

We have teamed up with Foodservice Wholesalers covering most areas across the UK. Please contact us and we will put you in touch with your nearest Foodservice Distributor.

Thanks & Feedback

Hopefully you have had a good read through our catalogue and now know all there is to know about The Real Olive Company. Thanks for your interest in us and if you are not already a customer then hopefully you soon will be.

As a small company committed to quality we will always endeavour to do our best in order to meet our customer's requirements. You can help us to maintain and improve our products and services by giving us feedback. Whether it's good or bad we would love to hear from you, so don't hesitate to drop us a line.
